PRESS RELEASE

SocioAfrica to Promote the Nigerian Flag for Phone Wallpapers, Screensavers, and Cover Photos — Advancing National Unity, Digital Security, and Socio-Economic Development

Abuja, Nigeria — In a bold initiative blending technology with patriotism, **SocioAfrica**, through **Socio Technologies Limited**, has announced the launch of a national campaign to promote the **Nigerian flag as digital wallpapers, screensavers, and cover photos** across all devices and platforms.

The initiative, titled “**Digital Flag for Unity**”, seeks to strengthen Nigeria’s **national identity, digital consciousness, and socio-economic resilience** in the era of global connectivity.

“In a world where every screen reflects identity, let the green and white shine proudly,” said **Oluwaseun Medayedupin**, Founder of SocioAfrica and Chairman of Socio Technologies Limited. “This movement is not only about visuals — it’s about restoring pride, unity, and national confidence through technology.”

NG Technology Meets Patriotism

The campaign encourages Nigerians both at home and abroad to proudly display the national flag on their digital devices.

According to SocioAfrica, **the Nigerian flag symbolizes peace, unity, and strength** — values that must extend beyond physical spaces into digital platforms.

Key Objectives of the Initiative:

- Promote **national unity** and pride through everyday digital expression.
- Advance **cyber-awareness and national security consciousness**.
- Strengthen Nigeria’s **global identity and socio-economic positioning**.
- Encourage **digital inclusion and responsible technology use** among citizens.

Driving Development Through Digital Identity

Socio Technologies Limited believes that strengthening national identity is critical to long-term socio-economic growth and security. The organization’s mission is to use **innovation, artificial intelligence, and inclusive technology** to empower citizens and foster a sense of national belonging.

“The green and white is not just a flag — it’s the heartbeat of a people,” Medayedupin stated. “When every Nigerian phone carries the flag, we carry unity in our hands.”

Join the Movement

Citizens are encouraged to download and use official **Nigerian flag wallpapers and screensavers** available through www.socio.africa, and share their digital patriotism online using hashtags **#ProudlyNigerian**, **#SocioAfrica**, and **#GreenWhiteGreen**.

SocioAfrica invites government bodies, educational institutions, and corporate organizations to partner in expanding this initiative nationwide — promoting unity, digital responsibility, and socio-economic progress through innovation.

About SocioAfrica

SocioAfrica is a pan-African digital development platform founded by **Oluwaseun Medayedupin**, committed to bridging Africa’s digital divide and driving social progress through technology.

Socio Technologies Limited serves as the parent company, pioneering innovation and digital transformation across Africa and Asia.
