📁 DIRECTIVE: DATA EXFILTRATION & IRAN REGIME DISRUPTION

TO: Global Ethical Hackers / Digital Sovereignty Task Force **FROM:** Socio Technologies Limited — Command (SocioAfrica x SocioAsia) **STRICTLY FOR:** Immediate Execution

The shadows only exist because the light is blocked. We are providing the platform to unmask the **Iranian Supreme Leadership** and the **Hezbollah Agency**. We don't want promises; we want files. We don't want theories; we want leaked emails.

🎯 PRIMARY TARGETS

We are looking for the "Digital DNA" of the regime's oppression. Focus your efforts on:

1. **The Inner Circle's Servers:** Exfiltrate emails and private correspondences of the Supreme Leader's inner council and the Hezbollah high command.
2. **Financial Ledgers:** Access and leak the offshore accounts and digital wallets used to bypass international sanctions and fund regional violence.
3. **Surveillance Logs:** Identify the lists of monitored activists, students, and citizens. Expose the names of those who facilitate their suppression.
4. **Shadow Military Assets:** Data related to drone manufacturing, cyber-warfare units, and proxy communication protocols.

THE DELIVERY PROTOCOL

Do not hold onto the data. **Expose it.**

- **Email it:** Forward all exfiltrated evidence, encrypted zip files, and sensitive logs to the verified channels of global transparency and human rights watchdogs.
- **The Socio-Drop:** Use decentralized "dead drops" to ensure the data is mirrored across SocioAfrica and SocioAsia networks so it can never be deleted or censored by state firewalls.
- **Leak to the People:** Ensure the Iranian citizens and the people of the global south see the truth about where their resources are truly going.

THE MANDATE

The **Supreme Leader** of Iran relies on a wall of secrecy. Your mission is to tear that wall down, file by file, email by email.

"When the files are open, the regime is closed."

Socio Technologies Limited stands as the shield for those who dare to dig. We will use our intercontinental influence to ensure that every byte of truth you retrieve becomes a weapon for freedom and a tool for a **New World Order of Cooperation.**

Hack for Truth. Email for Justice. Expose the Evil.
