Bringing Africa & Asia Closer for Socio Economic Development

September 3, 2026

**Subject: A New Commitment to Socio-Economic Development,
National Unity and Community Identity in Nigeria**

Dear Fellow Nigerians,

Nigeria stands at an important moment in its history.

Our country possesses extraordinary human talent, creativity, natural resources and entrepreneurial energy. What we need is greater coordination, stronger communities and opportunities that allow Nigerians to turn their abilities into meaningful contributions.

At **Socio Technologies Limited**, together with **SocioAfrica** 🌍 and **SocioAsia** 🌍, we are committed to playing our part.

We are therefore continuing the distribution of **SocioAfrica ID Cards** to members across Nigeria as part of our broader community

initiative promoting unity, identity, civic participation and socio-economic development.

The SocioAfrica ID Card is a private organizational membership card. It is **not a government-issued Nigerian identity document and does not replace any official identification or electoral credential.**

Our purpose is to give members of our community a recognizable identity within SocioAfrica while encouraging them to participate in constructive initiatives that can benefit society.

We believe that development begins with people.

It begins when young Nigerians acquire skills.

It begins when entrepreneurs create opportunities.

It begins when communities cooperate.

It begins when technology is used to solve problems.

And it begins when citizens decide that the future of their country is worth building.

Our message is therefore not simply about an ID card.

It is about belonging.

It is about participation.

It is about opportunity.

It is about unity.

It is about building.

We invite Nigerians across the country to join us in promoting peaceful civic participation, technological innovation, entrepreneurship, education, social development and national unity.

Let us build bridges instead of divisions.

Let us create opportunities instead of waiting for them.

Let us use technology to connect Nigerians instead of separating us.

Let us demonstrate that Nigeria's greatest resource is not only what lies beneath the ground, but also the talent and determination of its people.

The journey toward a stronger Nigeria requires everyone.

One Nigeria.

One people.

Many possibilities.

One shared future.

Socio Technologies Limited, SocioAfrica and SocioAsia are ready to contribute.

We invite you to be part of the journey.

Yours faithfully,
